Attendees: Dave Chambers, Julie Crew, Crell Johns, Craig Komar, Cyndi McClintock, Steve Mishler, Joe Nichols, Ryan O'Cull, Ron Ross, Aaron Sable, Andrew West  
Not in attendance: Victoria Druley, Gretchen Newton

### **Levy and District Information:**

**[Medinabees.org](https://www.medinabees.org) > Levy Discussion Information**

### **Previous Business:**

- Heritage Renovation Project - Progress continues as the building is renovated to house the Medina City Schools Preschool.
- Paving - The west lot of Claggett Middle School has been completed. This area is primarily used for bussing and Memorial Stadium overflow parking. Paving patchwork was also completed in the Eliza Northrop Elementary lot.
- Sidney Fenn Elementary - A new concrete sidewalk extension was completed in the bus loop area due to the increased student population for the new school year.
- Ella Canavan Elementary - A drop ceiling was added to a Counselor's office to reduce noise and sound in the room and provide a more confidential setting for students. Carpet areas were also repaired for safety concerns in rooms 6,8,10,and 12. Restroom partitions were replaced as necessary in the boys and girls restrooms.

### **Pending Business:**

- Medina High School Track - On hold as discussions continue and the scheduling of construction does not interfere with the season and use of the track.

### **New Business:**

- The Garfield Cafeteria will be renovated to the Professional Development Center. Monthly Board Meetings will be held in this area. Walls have been painted and carpet will be installed to become a sound appropriate area.
- The Gas House cover at Ella Canavan will be removed from the north side of the building. Piping will be relocated into the area behind it.
- A sinkhole near Ella Canavan Elementary dumpsters will be fixed and filled. The issue was caused by a cracked underground storm pipe that will be reinstalled as well.
- Track markers were strategically placed along the Cross County course as part of an Eagle Scout Project to enhance the student athlete experience.

**Next Meeting: September 5, 2024 / 8:00 AM / TBD**
