Updates on Current Projects

- Reviewed summer 2-21 paving program that included improvements at Medina High School, Claggett Middle School, Memorial Stadium, Fenn Elementary, Canavan Elementary, Blake Elementary, Northrop Elementary and Waite Elementary.
- Air Condition project was reviewed and we are proceeding with upgrading the electricity at Fenn Elementary by pulling additional power from old modular classroom riser. Window air conditioners were purchased and are in route. Waiting on quotes from two vendors for portable air conditioners for Claggett Middle. Contractor is finishing their proposal to pull additional power needed from old modular classroom riser at Canavan and provide pricing to replace existing furnaces with new high efficiency furnaces with a cooling package. Goal is to have all three buildings completed summer 2021.
- Other projects reviewed included: B3 door frame replacement at Medina High School, Locker paintings at Claggett Middle School, improvements to the entrance of AI Root and the repair of sinkhole, and replacing a few classrooms with new furniture at Medina High School, Claggett Middle School and Fenn Elementary School.
